Cindy*:

Well, what can I say? All I can can think about is that if it wasn't for Mr. Sarver I wouldn't have ever met you! "Good Ol' Mr. Sarver" he always pulled us through!

After that we got Miss Clark and Mr. Sarver. This year has been one hell of a year and thank you for always being there and pulling for me.

Cindy, If things work the way we've planned we are going to have many, many, more good times. I Can't Wait! Just think "January 19, 1979" I'm so excited!

We've done so much together this year and it feels like the good times are never going to stop. Remember when we used to work at the mall together; all the crazy things we used to do. I'll never forget the "ice cream parlor".

Cindy Benson

Well I couldn't decide whether or not I should toast on page 2, but I decided to.

Cindy, I got one thing to say to you, (don't take offensively) I have done the most eating with you and Marla that I'm surprised were not all "ten-ton-tillus"!

Well, I guess I've said enough now, even though I could go on forever. Stay the way you are, but don't be so stubborn! Give in a little! (I don't mean to me, but to someone else) Just teasing! I can't wait for next year. Love ya, Cindy ★

# *Morning Madness Mixes Minds*

"Hey, write me an excuse for being absent."

"Do you have the Trig. homework?"

"Did you see that outfit she had on?"

"There's a party at the pavillion this weekend."

The list of comments goes on as students try to cram for crucial tests, finish last night's homework, and gossip.

Highpoints of the morning for some were spent with that special someone.

For those who got up too late there were no precious moments of gossiping. To them 8:30 was the start of the day.

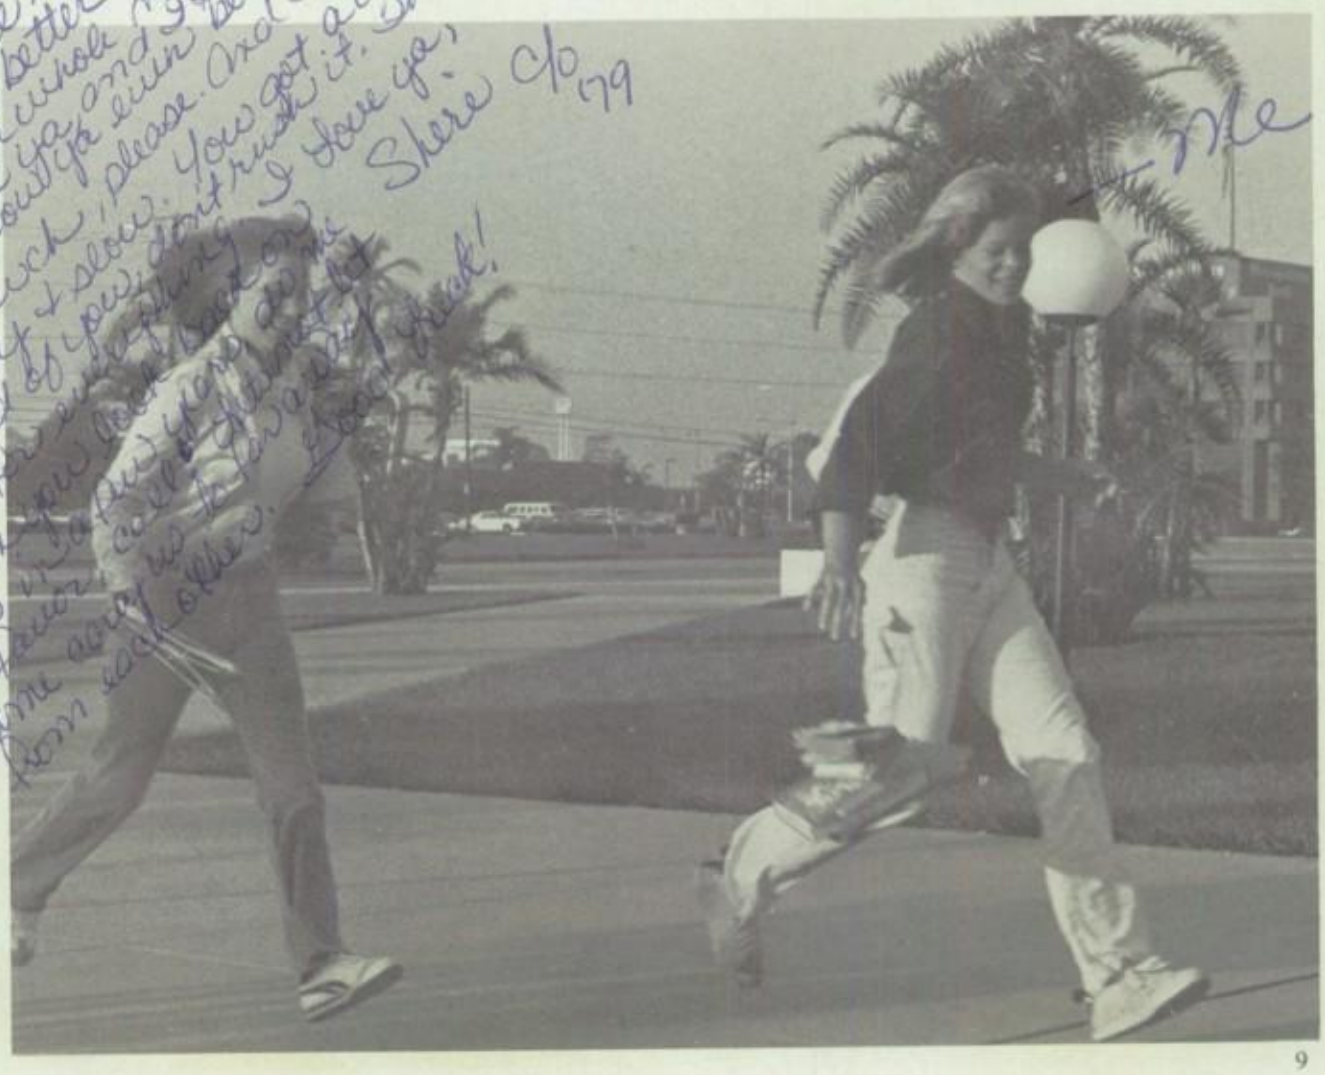
1) School is filled with many decisions and what to have for breakfast is the toughest. 2) As 8:30 approaches, the mall quickly fills with gossiping students. 3) Making sure his car is theft-proof before entering school is Kevin Serra. 4) Trying to open her locker is a difficult task for Irvene Hogan. 5) Eating and gossiping keeps Cynthia Baldwin busy at early morning breakfast. 6) A routine visit to her mailbox provides a pleasant surprise for Mrs. Nuri Ayres. 7) Time keeps on ticking, ticking, ticking . . . 8) Riding the bus gives Karen Vollweiler time to read a few more pages of that interesting book. 9) Running so as not to be TOO late for 1st period is Cindy Benson and Sheri Taber.

4

8



9

1) Lunch prices went up again this year, but the new prices didn't affect Fernando Carmenaty as he anticipates a hardy lunch. 2) Trying to forget about test and studies, Theo Dupree and Leonard Robinson cut out from the busy school routine just to sit, eat and relax. 3) Having just got paid, Ray Periera takes girlfriend Tanya Muniz to lunch. 4) During the lunch break, McDonalds was a favorite spot, so Davis Hand took every opportunity to make it his place to eat. 5) Enjoying a hot school lunch as many Jefferson students do, Humberto Reyno sits for a second and daydreams. 6) Burger Chef was another favorite place, so Debbie Munaker and Janet Fike sit and talk about school activities as they munch out. 7) After waiting in long lines to receive his hot lunch, Pedro Curo can't seem to find his fork.

# *Lunch 101 Easy Course To Pass*

Lunch provided many advantages to students offering them free time to go to lunch off campus or time just to sit and chat in the library or outside in the fresh air. Many Jefferson students just resorted to going home and raiding the frig.

1) Taking advantage of the open lane, Mike Pena shoots for two points against the cheerleaders. 2) "Please don't kick me off," seems to explain the expression on Janize Alvarez's face as she tries to control her donkey. 3) A not-too-shy donkey peeks his head over the door of his trailer serving as a reminder to read the sign. 4) A bucking football player, Randy Diaz, holds on for dear life. 5) There's a shot to the basket by Jaycee rider, Robert Fuentes as they took on Civenettes. 6) Interact club members Frank Corrales, Mike Ortiz and Mike Benitez try to catch a runaway donkey. 7) "Get back on," yells president, Bobby Paul, of Donkey Basketball to a fallen Optimettes member. 8) Interact club member George Ramos tries to chase his donkey down as Mike Ortiz tries the hop-on method. 9) Senior class president Curt Curtis can't figure out a way to get on his not-so-friendly donkey.

# *Donkeys Show Who's Boss*

Donkeys in a gym? That's what many students, faculty and parents asked one Friday night in November, but they were there. With the help of service clubs, honor societies, and teachers, fun and frolic was provided.

The easy part was shooting for the basket, the hard part was staying on the donkey long enough to shoot. It was a hilarious evening for all who attended. The outcome was some very "sore" club members and some very delighted fans.

1) Jeff the Dragon plays follow the leader with the audience. 2) Getting himself and everyone else fired was always fun for John-Boy Demerest. 3) Bringing tears to everyone's eyes is Mr. Horton during his farewell pep assembly. 4) With the help of Optimette members Nancy Knight, Brenda Velar, Brenda Gaye, and Tammy Toy, their Falcon egg skit was a success. 5) The Varsity Cheerleaders show that practice pays off with their stunt. 6) Dragons are the best kind of people finds out Candy Curtis, the mascot. 7) Raised hands were a familiar sight at pep assemblies, with the traditional singing of our Alma Mater. 8) Claiming their loyalty for the Dragons are Kim Cowell and Julie Sharp.

# *When We Party We Party Hardy*

Fridays. Fridays were jive time as the gym got ready for the big game that night. Screaming and jumping became a natural occurrence for Dragon fans. Who can forget the Optimettes when they dropped their Falcon eggs?

And as long as there is an Interact, we will never be short of cheerleaders as was proved at one pep assembly. Football players are usually our silent majority, but John "Boy" Demerest proved that theory wrong when he gave the audience HECK!

# *Doin' What Comes Naturally*

Doin' what came naturally during free time helped keep the insanity level down among students. Whether it was taking a little time off and relaxing or just eating, if it felt good many people tried it. Just being free and easy also helped students to face the rigors of school.

Friendship is a footbridge
Principal's Honor Roll
To be a friend one must be as tolerant to the other as to oneself then the self is made larger and stronger. A good friend is one who will lead us through giving and urging more than is real.
It is not necessary to tell a friend you like him. He knows. But tell him anyway. Friendship like plants, blooms greater when nourished.

Cherish your friends... they make up a man's wealth more surely than gold... for a man without a friend is like a cork without a bottle.
Defend your friends, elevate your friends, help your friends, and you will find even your enemies will want to be your friends.

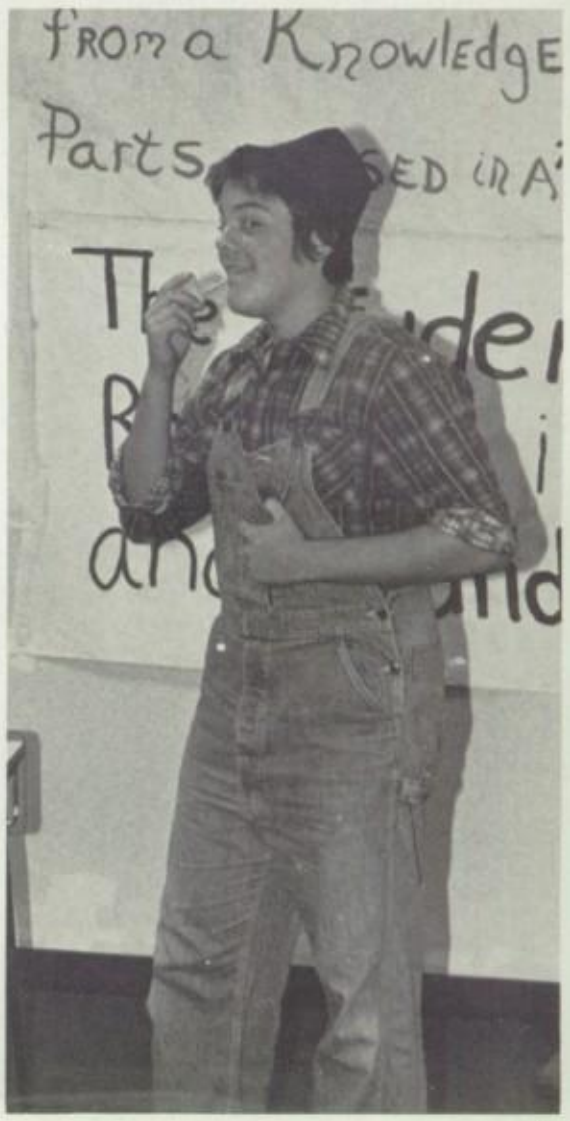
# *We've Got Spirit Yes We Do*

We've got spirit, how about you? Many people proved they had spirit by dressing up during spirit week. This year more people dressed up than in the past years, and those that didn't still had fun looking and laughing. Monday's theme "Hillbilly Day" began the week's fun and everyone got out their overalls, straw hats, and corncob pipes.

Tuesday was a relief to all, for no one had to worry about what to wear for it was Mix and Match Day. Social security checks, canes, and 3-wheel bikes were all the talk on Wednesday, for it was Senior Citizens Day. Spirit Week ended on a mellow tone, for Thursday was the traditional Blue and Gold Day and Football Signing Day.

1

2



5

3

1) School just isn't for old hags, Kathy Robinson soon finds out. 2) Trying to impress that special girl is Julio Sarmiento in his well-coordinated outfit. 3) Late Social Security checks make Becky Kelly wait impatiently. 4) Laughing and talking about their ride in from Ruskin are Diana Tennyson, Lisa Urso, and Kristen Bomas. 5) Telling the class that smoking corncob pipe causes indigestion is Isrel Segarra. 6) Trying to convince her friends that she didn't buy her outfit at Salvation Army is Helena Santos. 7) "I have found the perfect mate at last," says Susan Tapley. "One that doesn't talk."

4

7

1) Proving the fact that cheerleaders have been around a long time are the Varsity cheerleaders. 2) Good times are here again with Civinettes Terri Knirimen and Antionette Lopez in their winning skit. 3) Trying to show their intelligence are the Optimettes' coneheads. 4) Telling the audience the tricks of their trade, "How to get a date," are Interact members Robert Lopez, Mike Ortiz, and Joe Gonzalez. 5) Delighting the audience with her Z-Club commercial is Glennette Glen. 6) Who ever said winning isn't everything sure didn't know the Civinettes. 7) Getting "burnt" by the fire-hot dragon is John Grimes in the Jaycee's skit.

# *Dragon's Fire Lights Flame For Victory*

Dragon's Fire help to pave the way to a successful Homecoming by providing a sense of rivalry, laughter, and suspense. Who would win? Club members could be seen whispering in the halls about what they thought the other clubs were doing.

This year's theme was "Time Tunnel," so everything from the past, present, and future was there. Cavewomen cheerleaders and Civinettes' Westside Story Dragons showed what it was like years ago. The present brought along Interact's infamous female impersonators and Jaycee's fire-hot dragon. If the Optimette's coneheads are any example of the future, we're sure in trouble. This year's judges said they had trouble deciding who the winner would be, but Civinettes managed to walk away with the trophy.

# *Butterflies Invade Stomachs*

Jitters and butterflies were just two of the things that the 10 semi-finalists had to contend with as they had to wait three days to find out if they would progress to the finals. Even though they weren't in the court they still were very much a part of Homecoming activities.

The semi-finalists and their escorts were presented to the audience at half-time during the game at Plant.

Angels described Jefferson's Homecoming Court. After three weeks of tense waiting, Rita Alfonso was crowned 1977-78 Homecoming Queen. Her majestic court included girls who each possessed their own special beauty, charm and personality. Elaine Busciglio, Helen White, Tracy Williams, and Darlene Hale added to the loveliness of the court.

# *Dance Tops Off Exhausting Week*

The highlight of the week came on Firday night at Plant field when the football team trampled Plant City. After the game, the Homecoming dance planned by the Student Government, was held in the school's mall. The dance and coronation theme "Heaven" provided a heavenly background for the band "Toulouse." The crowning of Rita Alfonse as Homecoming Queen was the pinnacle of the entire week.

6

# *Entertainment — An Added Relief*

The most blessed events in every student's life were the assemblies. They were, like Alka-Seltzers, an added relief to a dull day. Assemblies were entertaining and informative, besides allowing everyone to miss at least one class and skip the rest! In previous years they ended up being downright boring, but this year rock music dominated the scene with the Air Force Band and Freedom Jam performing. Then, of course, there is the annual junior ring assembly, senior announcements, and this year yearbook held their first annual "Push the Sales" assembly.

1) Even a fire can't keep Mrs. Ortwein from her administrative duties. 2) County maintenance spent hours inspecting the damage done. 3) "Please don't let my wife see me doing this," pleads Coach Heider. 4) The act of vandalism destroyed the carpets and electrical system in the main office. 5) Putting furniture in place. Coach Schmidt lends a hand. 6) What a way to spend the day! 7) Even Mr. Menendez gets into the act to help clean the mess. 8) Although school was postponed, Phillip Lotti and Danita Humphries stayed to help clean up.

# *No Awards For This Dragon's Fire*

A raging fire broke out about 5:00 a.m. in the data processing office, and black smoke created extensive damages to the guidance suite on January 17. Vandalism was the suspected cause of the fire which caused over $100,000 damages to the main office. Mr. Menendez arrived at Jefferson to find fire trucks and men working frantically to extinguish the fire. Students were greeted with a day off as teachers remained to discuss the effects of the fire and use the day as a work day. Mr. Menendez joined the staff and faculty to help clean the soot.

# *Keeping Up With Inflation*

Part-time jobs were common for Jefferson students to have after school Although long hours were discouraged by teachers and parents, many students still persisted in working them to get the much needed money.

Although few students were satisfied, the twenty-hour work week gave them enough money to go to games, out on dates, and keep gas in the car. Money is a necessity for the many things we want to do.

1

3

2

4

1) Taking orders and writing receipts are just a few of the things Mike Pena does at Florida Sporting Goods. 2) Keeping shelves cleaned and neat keeps Denise Casavant busy at Spencer Gifts. 3) Stocking, stocking, stocking — will it ever stop? That's what Raymond Somano must be thinking as he's hard at work at Kash-n-Karry. 4) Being a cashier, weighing candy and checking on prices are just some of the things that Tom Nipper does at Walgreens. 5) Weighing and pricing might seem boring, but that's how Jimmy Edwards made his money after school at Kash-'N-Karry.

5

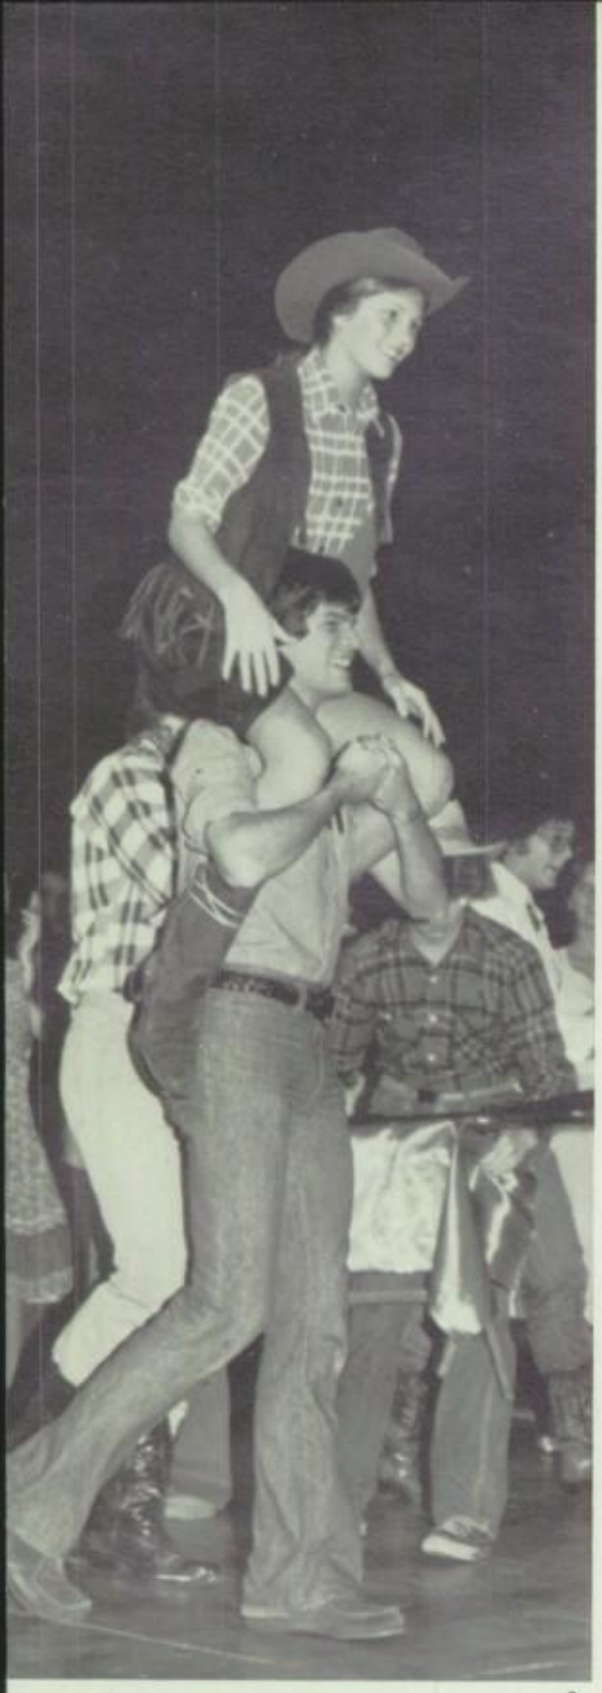
# *Audience Gets Bang Out Of "Annie"*

Are women better sharpshooters than men? Annie Oakley (Mary Marro) tried to prove this in "Annie Get Your Gun," but love got in the way. The play centered around a poor country girl, Annie Oakley, trying to out shoot a fast talking city slicker Frank Butler (Davis Hand). Production of the play was the second and third week of December for students, faculty and the surrounding community. Other supporting cast members were Glenn Hatfield (Charles Davenport), Darryl Day (Foster Wilson), Rhonda Valdez (Dolly Tate), and Jim Carey (Buffalo Bill).

1

4

5



2

1) Frank Butler (Davis Hand), succeeds in persuading Annie Oakley (Mary Marro) to fall for his invitation to go out. 2) Carrying Annie Oakley after winning the shooting match is Pawnee's messenger (Julio Sarmiento). 3) Trying to persuade the people of Wilson's House to come to the shooting match is Charles Davenport. 4) Explaining the art of dove shooting to Dolly Tate (Rhonda Valdez) is Annie Oakley. 5) Annie Oakley expresses her feelings to Foster Wilson (Daryl Day) about the shooting match. 6) "You can't hold the shooting match here," Foster Wilson explains to Charles Davenport. 7) "There are many reasons why Frank Butler will beat Annie Oakley!" exclaims Dolly Tate.

3

6

7

1) Spending a quiet afternoon canoeing is very relaxing for Jeff Day and Wendy Lord. 2) The gym wall makes a perfect backdrop for jai lai fanatics on the weekends. 3) Roller skating proves to be great fun and a good way to meet people for John Ashley. 4) "Gossiping on horse back beats the telephone," admits Kyle Carleton and Velda Gomez. 5) Keeping your bodies in shape is a lot of fun when you do it with your buddies says Susan Tapley, Debbie Colding, and Laura Matyi. 6) Who says jogging is boring? Not for Alex Rodriquez and Nancy Knight.

1

2

4

# *Different Strokes For Different Folks*

Who says you have to be on a school athletic team to keep in shape? The majority of the students proved this wrong as they found other ways to keep the fat off their bodies and their hearts strong. This year might be called the year of the joggers. Besides jogging, canoeing enthusiasts could spend peaceful moments paddling up the Hillsborough River. Bicycling for many was relaxing while for others it was exhausting, all depending on their leg power. For the less hardy there was always rollerskating and horseback riding to spend spare time doing.

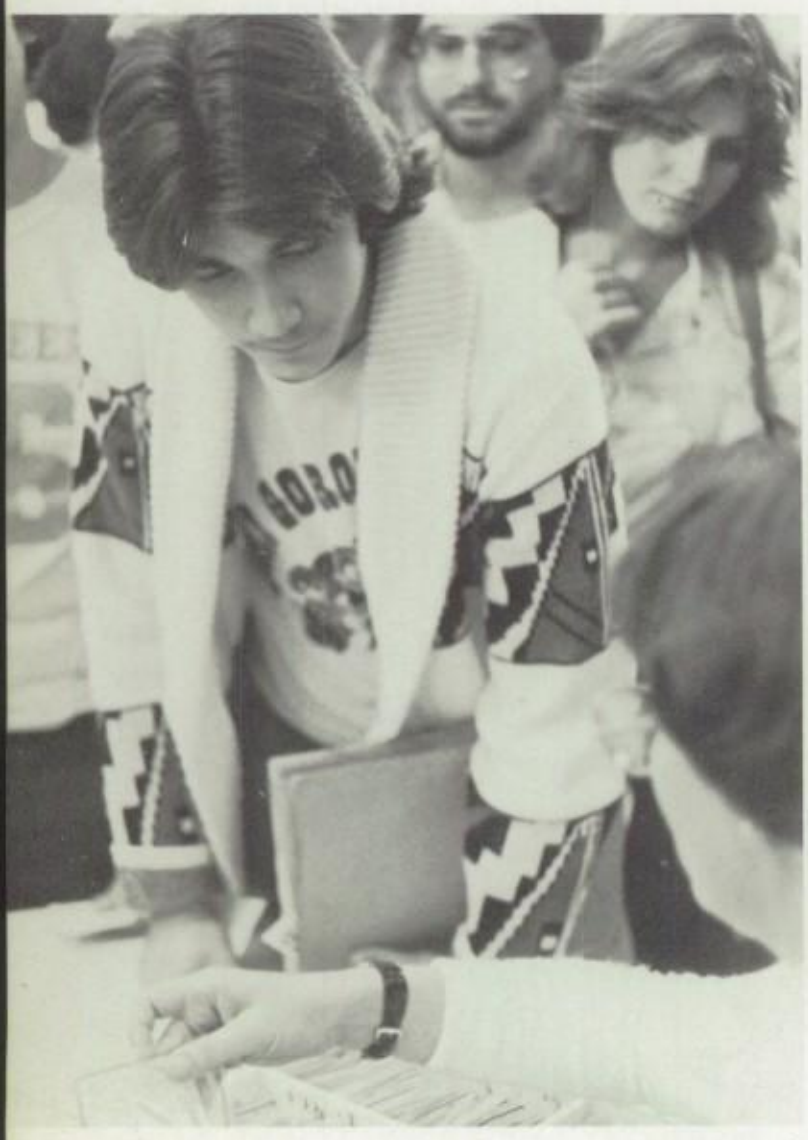
3

5

6

# *No Cuts*
# *No Butts*
# *No Interrupts*

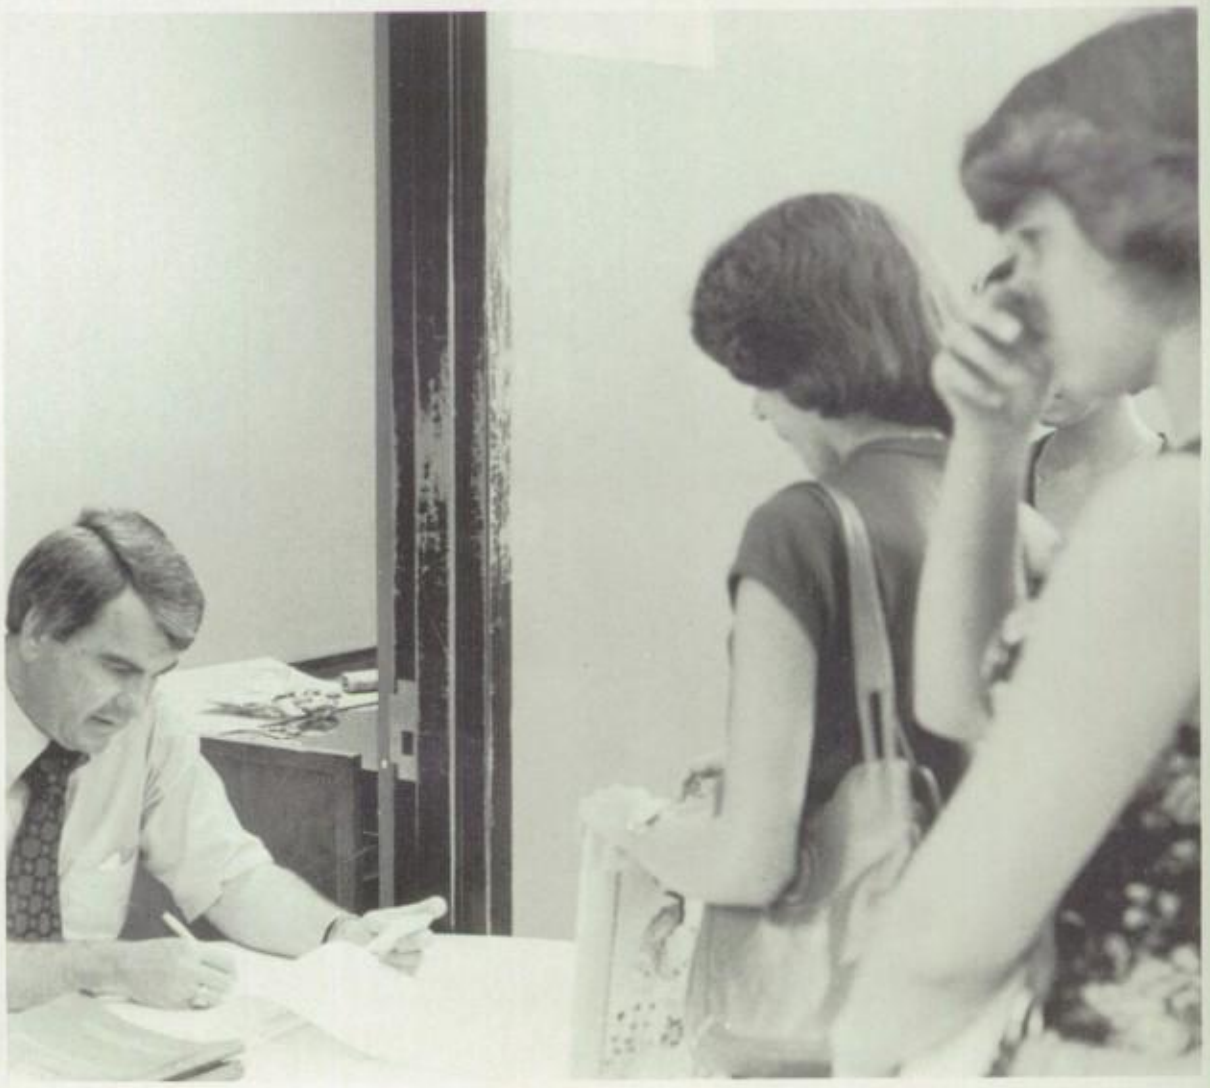
Waiting, waiting, waiting would it ever end! This seemed to be the thought of every student as they had to wait in long lines for nearly everything they wanted or did. Locker sales, parking stickers, yearbooks, lunch and rings caused only some of the long lines. This frequent occurrence of always having to wait often brought out the Dr. Jekyll — Mr. Hyde syndrome in everyone.



1

2

5



6

1) When the junior year arrives, we can finally order our class rings. 2) No matter what there is, we must wait for it when it gets here. 3) Yearbook sales are almost as exciting as the day they arrive. 4 and 5) Waiting can also put one in the poorhouse. 6) September brings locker sales and parking stickers. 7) Lunchtime brings another line. Is it worth it?

3

4

7

"Almost anything goes" seemed to be the theme for this year's fads and fashions, although a trend did seem to develop toward a more dressed-up look. Girls were seen wearing longer, straighter skirts with higher slits over their leather boots. Also many girls went for the peasant look with skirt and shawls. Angora cowl necks were the rage for the slightly cold winter days and were topped off with one or more stick pins, chain rings, saint necklaces. Asuachis, Cuban bracelets, were also very fashionable. The trend of ear piercing grew more with triple piercing catching on. Where will it end?

The guys mostly stuck to painter pants, straighter leg jeans, earth shoes and Nik, Niks. Hairstyles were very individual and unique as seen by some of the black guys who grew their own version of the shag hairdo, while others kept the shorter version of the Afro. Girls stuck to shorter hair this year, still keeping with the layered look.

# *Tic Tac Toe*
# *Three In A Row*

Shouts of jubilation could be heard from every senior's mouth as this class won Class Capers for the third straight year.

Class Capers, the highlight activity of the spring, was once again a smash success. Secrecy and suspicion ran high for three weeks as each class tried to outdo the other two.

The opening of the show saw the sophomores doing a run through of favorite movies. The juniors showed what it was like to be a patient at Jefferson General Hospital. Last, but not least, entered the seniors with their satire of a day at Jefferson. On Saturday night after counting the votes, the seniors had won for their third straight win with the juniors second and sophomores coming in a close third.

1

4

5

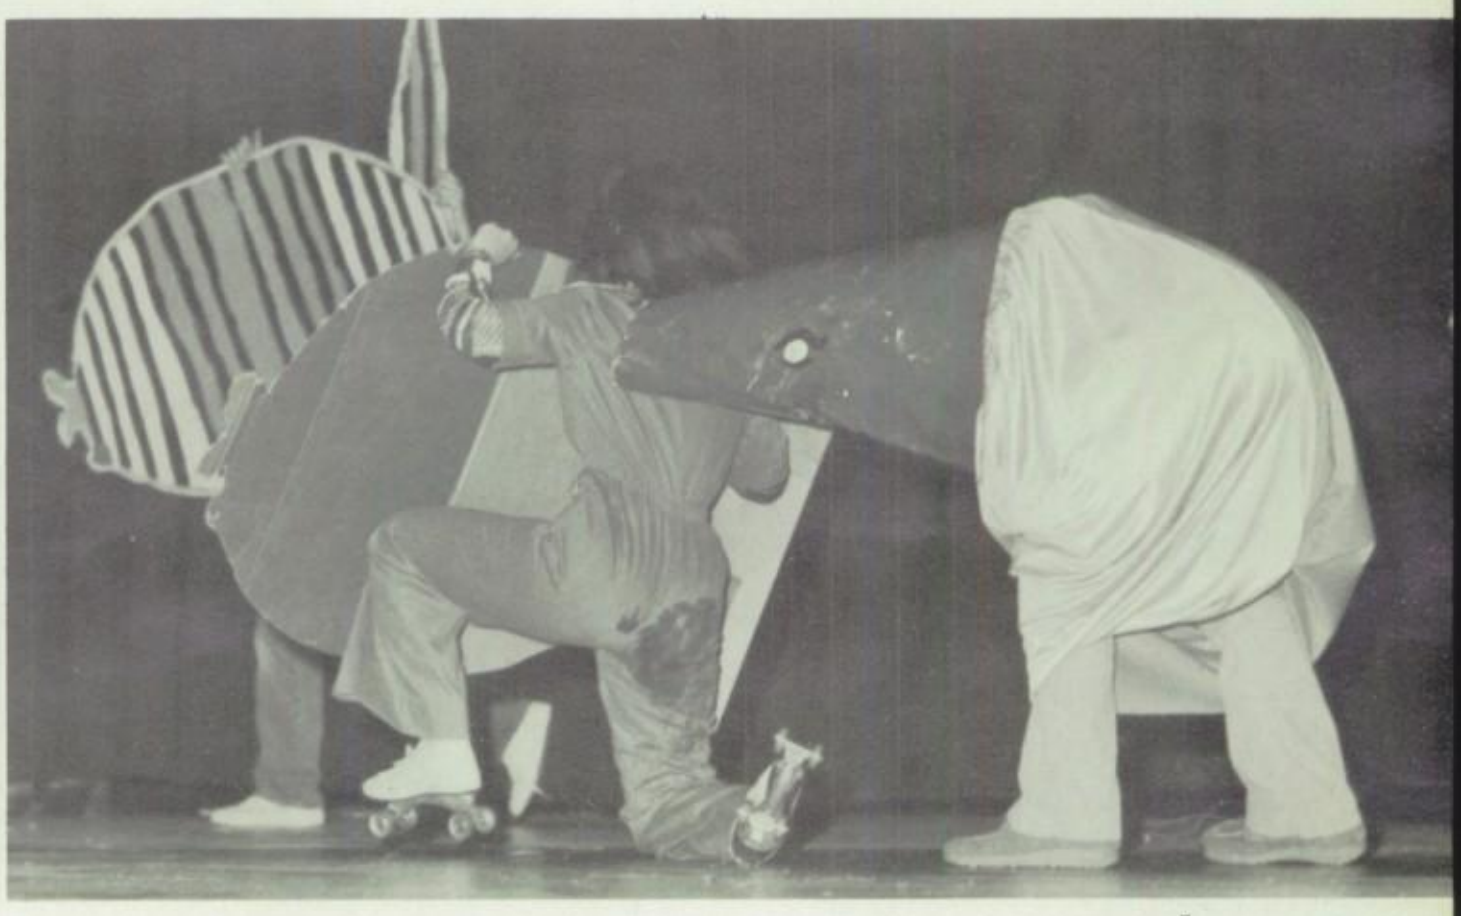
2

1) The sophomores prepare to fly the coop during their skit. 2) Posing as the Pink Panther proves to be no problem for sophomore Lionel Brown. 3) "Look what I found," says José Gonzalez to Nurse Boom Boom (Vilda Gomez). 4) Telling the audience just what she thinks of Jefferson General Hospital is Bertha (Carolyn Oldham).

5) "No, no, no, you must not wear hats in the building," exclaims The Law (Davis Hand) to a student (Julio Sarmiento). 6) "Yes, we are the CHAMPIONS!" seems to express the thoughts of every senior as they win for the third straight year. 7) Jaws prepares to gobble up a little fish during the sophomore skit.

3

6



7

1) Some students debate whether or not to go through with the Fun Run. 2) "Let's see, I can out run any of them," prays Mr. Huskey. 3) Coach Ross limbers up, while Coach White doesn't seem to think he needs it. 4) Starting out is always easy, but it's finishing that's hard as Shelia Sims realizes. 5) On your mark get set, stop! 6) Not only can Herbie Marr dance, but he can run like the wind. 7) As always Mr. Mullins takes the short cuts. 8) Making sure that he can still breathe, Mr. Pullin strives for the finish line. 9) "Well, someone has to give Mrs. Massaro a helping hand. Why not me?" asks Mr. Cuervo.

# *Run For Your Life!*

The Cross Country team recognized that too many teachers and students were overweight and out of shape. Therefore, they introduced the first annual Fun Run for faculty and students. Competing in such events as the half-mile, mile, and two-mile MARATHON, many participants took a chance at receiving cardiac arrest to prove they were in shape.

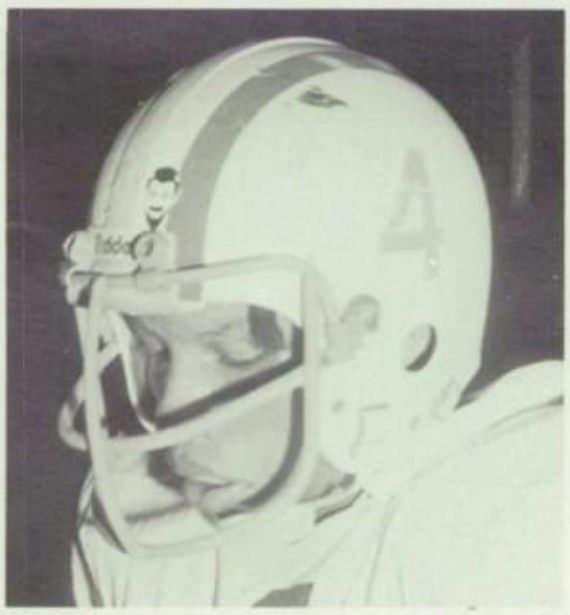
# *You Can't Stop A Dragon*

Everyone knows that you can't stop a fire-breathing dragon, and just like this, you can't stop a Jefferson Dragon. The Dragons are definitely the "baddest" around. They proved it this year especially with a 6-4 record. The class of '78 can really be proud.



6

1) Putting in all he has, David "Choo Choo" Jordan punts it away. 2) Escaping the opposing team, "Choo Choo" carries it in. 3) Showing perfect stride, Boe Dilly out-runs an opposing defender. 4) Tension is building up as Jefferson clashes with Robinson. 5) In a gallant effort, Juan Bethel succeeds in catching the pass. 6) After a defeat against Sarasota, Nathan Trigg bows his head. 7) Feeling the frustration, Dennis Ingold yells at the referee.

Cindy!
It's been fun knowing you this last year. You're a sweet chick. I hope to see you this summer so keep it cool

# *Roller Coaster Ride Describes '77 Season*

The fans thought the Dragons were playing the roller coaster game at the beginning of the season. We won and lost alternate games. It wasn't until after the Sarasota loss that we saw the light and won our next three. Was it the power of positive thinking that won those games? If it wasn't, it couldn't help us beat powerful state-ranked Oak Ridge, the last opponent of the season. This mighty team just couldn't be beat by the Dragons. Nevertheless, the Dragons ended the year with a satisfying 6-4 record.

1) Preparing to hit the line, David Jordan gets a well-executed handoff from Chris Jones. 2) Determined to make a first down, Paul McClendon runs like his life depended on it. 3 and 4) Having nothing to say, Coach White just stares at Chris Jones after a fumble. 5) Running like a Mack truck, Bo Dilly puts in all he has. 6) Coach Perez helps McClendon realize his error. 7) Not worrying about Robinson, Alvin Baker crashes through the line. 8) Finding open air, Bo Dilly goes for another touchdown.

# *Unforgettable Defense*

Defense never gets the glory like the offense does, but they still manage to keep up their morale and stamina from game to game. The defensive team, led by powerhouses Tim Mack, Fred Stephens, and John Demarest, held the opposing teams to a minimum of scoring.

1) After being brought down by JHS tackler, Chamberlain players pick up the pieces. 2) Catching his Knight off guard, Nathan Trigg executes a perfect blow. 3) In a one-on-one situation, Mike Micciche brings his man down. 4) And here come the Dragons. 5) It took an injury to bring Wallace Hargrove off the field.

# *Defense Was The Key*

The Junior Varsity football team, behind Coach Willie Williams, ended their season with an outstanding record of 4 wins and 2 losses. The junior dragons showed extreme potential all season with such athletes as Ronald Copeland, Bob Primus, and Russell Gallon. The dragons were always in the thick of things and never were blown out of a game. Being mainly a ground gaining team, the dragons depended on Arthur Dunnigan to capture the much needed yardage and Lionel Bryant to open the holes. At the end of the season, many J.V. players were promoted to the varsity squad to gain extra experience.

1) Finding that open man in the secondary is what Copeland does best. 2) Waiting for the hole to open. Dunnigan strides to perfection. 3) The snap is good and Merino puts his foot into it. 4) While the defence is in the zone, Gaines glides through the secondary. 5) Putting the crunch on the opponent is all in the game as DelaVina demonstrates. 6) Nowhere for this Falcon to go, because the Hill and Bell combination always works fine.

# *Varsity Still Rebuilding*

With only three of last year's varsity players returning, Jefferson had to start a rebuilding process. The only player with a substantial amount of previous varsity experience was junior, Veter Dixon. Some top returners from the J.V. ranks were juniors Reggie Hill, Alvin Baker, and senior Elvis Hawkins.

Robert Lee, who sat out last year's season, led the team in rebounds.

With the much needed experience of this year and the superb coaching of Marcus Paula, next year will definitely be the year of the dragon.

1) With little time remaining, Lee follows the pick and pulls up with a jumper. 2) After getting the outlet pass, Faedo finds his spot and takes a setshot. 3) Going up hard under the boards, Hill draws a foul. 4) Jefferson perfected the fast break, as Baker demonstrates. 5) The fans anxiously wait for Hill to tip off the game.

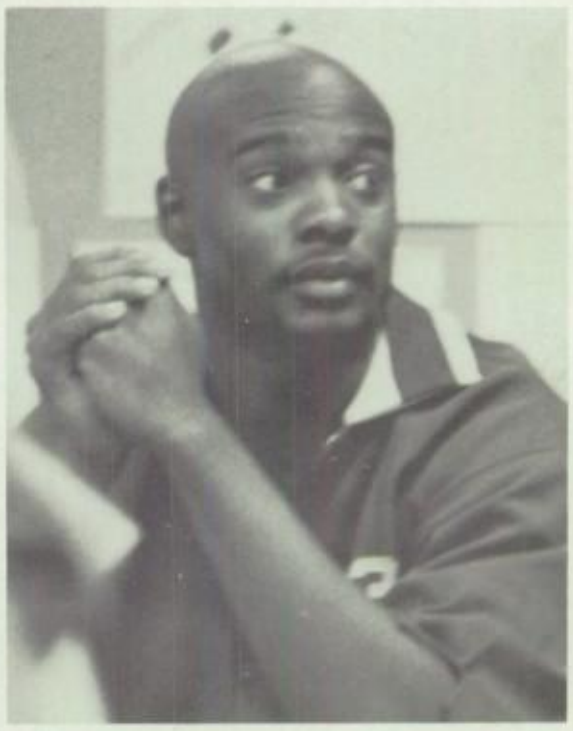
2

# *Dragons Show Talent*

This year's fighting Dragons put forth 110% effort towards every aspect of the game. The Dragons perfected the fast break and operated the three forward offense effectively. Being mainly a second-half squad, the team required plenty of desire and hustle.

The Dragons showed outstanding individual talent also. In the clutch situations, the Dragons depended on Veter Dixon with his dazzling 30 foot jumpers. Robert Lee provided rebounds for the team and occasionally stunned the crowd with his patented slam dunks.



1) Controlling the boards, Hill gets position and grabs the rebound. 2) With little time remaining, Lee drives to the bucket. 3) Deep in the corner, Gallon pulls up with a jumper. 4) Doing what he does best, Hawkins takes it to the hoop with style.

# *Practice Is Key To Success*

To become a pro one must practice, practice, practice. To become a good basketball player, one must also practice, practice, practice. This was the key to success for the Jayvee basketball team. Practicing every available moment, the goal of winning for the school, as well as for themselves. The young athletes strived for perfection in court strategy and maneuvers, discovering that practice does make perfect.

1) Foul shots are a must and Russell Gallon attempts to sink this one. 2) Rising high above his opponent, Gallon towers toward the hoop. 3) During a time out, Coach Greene plans a new defense. 4) Finding his spot, Gowans takes a jumper. 5) The team looks on patiently as Gowans tips off the game.

# *Girls Take It To The Hoop*

The team managed to keep their second place ranking even though beat by the Robinson Knights. A disappointing defeat, still the girls managed to keep their morale high. Two of Jefferson's most outstanding veterans were leading scorers Darlene Hale and Barbara Andrews.

1) Concentration is what it takes for Machele Reaves. 2) Taking it to the hoop for a jump shot is Darlene Hale. 3) After concentrating. Barbara Andrews shoots a free throw. 4) Tension mounts as Verette Thomas prepares for the game Tip-Off.

# *Dragonettes Shoot To Win!*

The Dragonettes' unrelenting pressure against opponents produced an excellent season. The entire conference realized that the heat was on. The team practiced long hours in the gym after school each day. With their coaches, Mrs. Bryant and Mr. Miles, the girls worked vigorously to stay in contention for the conference title.

1) Driving hard, Darlene Hale takes it to the hoop through Brandon's defense. 2) Time-out provides moments for Coaches Miles and Bryant to go over strategy. 3) Pam Serra adds another two points to the scoreboard. 4) Dragonette Darlene Hale scuffles for the ball with little time remaining. 5) Machele Reves hits for another score from the outside corner. 6) Slipping under the goal, Barbara Andrews keep Eagles occupied. 7) While ending a fast-break, Gina Barton shoots as Brandon bewilderingly looks on. 8) A quick save by Gina Barton relieves tension.

# *Girls J.V. Proves To Be Ambitious, Victorious*

As tall in spirit as in height, the girls basketball team dribbled their way through a season of hard work. Coached by Mrs. Margaret Bryant, the girls learned that unity is necessary for good results. The girls performed admirably in their first season with such wins over Plant City and East Bay.

1) A lay-up driven in by Terry Coleman. 2) A tip-off starts the Dragonettes. 3) Concentrating, Carla Thomas shoots a free throw. 4) Sylba Reddick's set shot is too high for the eye. 5) Valerie Perez shoots a jumpshot to keep Dragonettes in the lead. 6) Ending an astonishing fast break, Perez lays it up. 7) Preparing to set up the offense, Ruby Jackson keeps control of the ball.

# *Powerful Hands — Key To Success*

The third consecutive year showed the tremendous effort from our girls' volleyball team. The girls went 7-3 during the season, thanks to Coach Marcus Paula. The biggest upset was the Jefferson-Chamberlain game. It began with consistent serving from Barbara Andrews, which led to the upsetting from Laurel Ciccarello and Kelly Ward, then ended with a little devastating spiking from Darlene Hale, Machele Reaves, Shelia Sims, and Gladys Portela, captain. Next year's team will have much rebuilding to do since much of the team will be graduating.

# *Dragons Look To The Future*

The spectators see only the end result of many hours of dedicated workouts. The Dragons ran many miles not only to build up endurance, but also to keep within their respective weight classes. The Dragon wrestlers while losing many matches, were a difficult win for all of their opponents as many of the matches were close ones.

The wrestlers have many students returning to the team next year and should be back in the ranks of the powerhouse in 1979.

# *Grapplers Gain Experience*

Jefferson's wrestling team struggled through another season competing against schools both in and out of their district. Outstanding players like Tim Mack, Lenny Washington, and Gary Perez enabled the wrestlers a chance to know the word "victory." Coached by Richard Heider, the team looks forward to a rewarding season next year.

1) The Dragon Matmen think hard about their upcoming match. 2) After scoring a takedown, Jeff Friedel tries for a near fall. 3) In the final match, Tim Mack goes head on against East Bay's finest. 4) Being one of the best, Lenny Washington has no trouble handling his opponent.

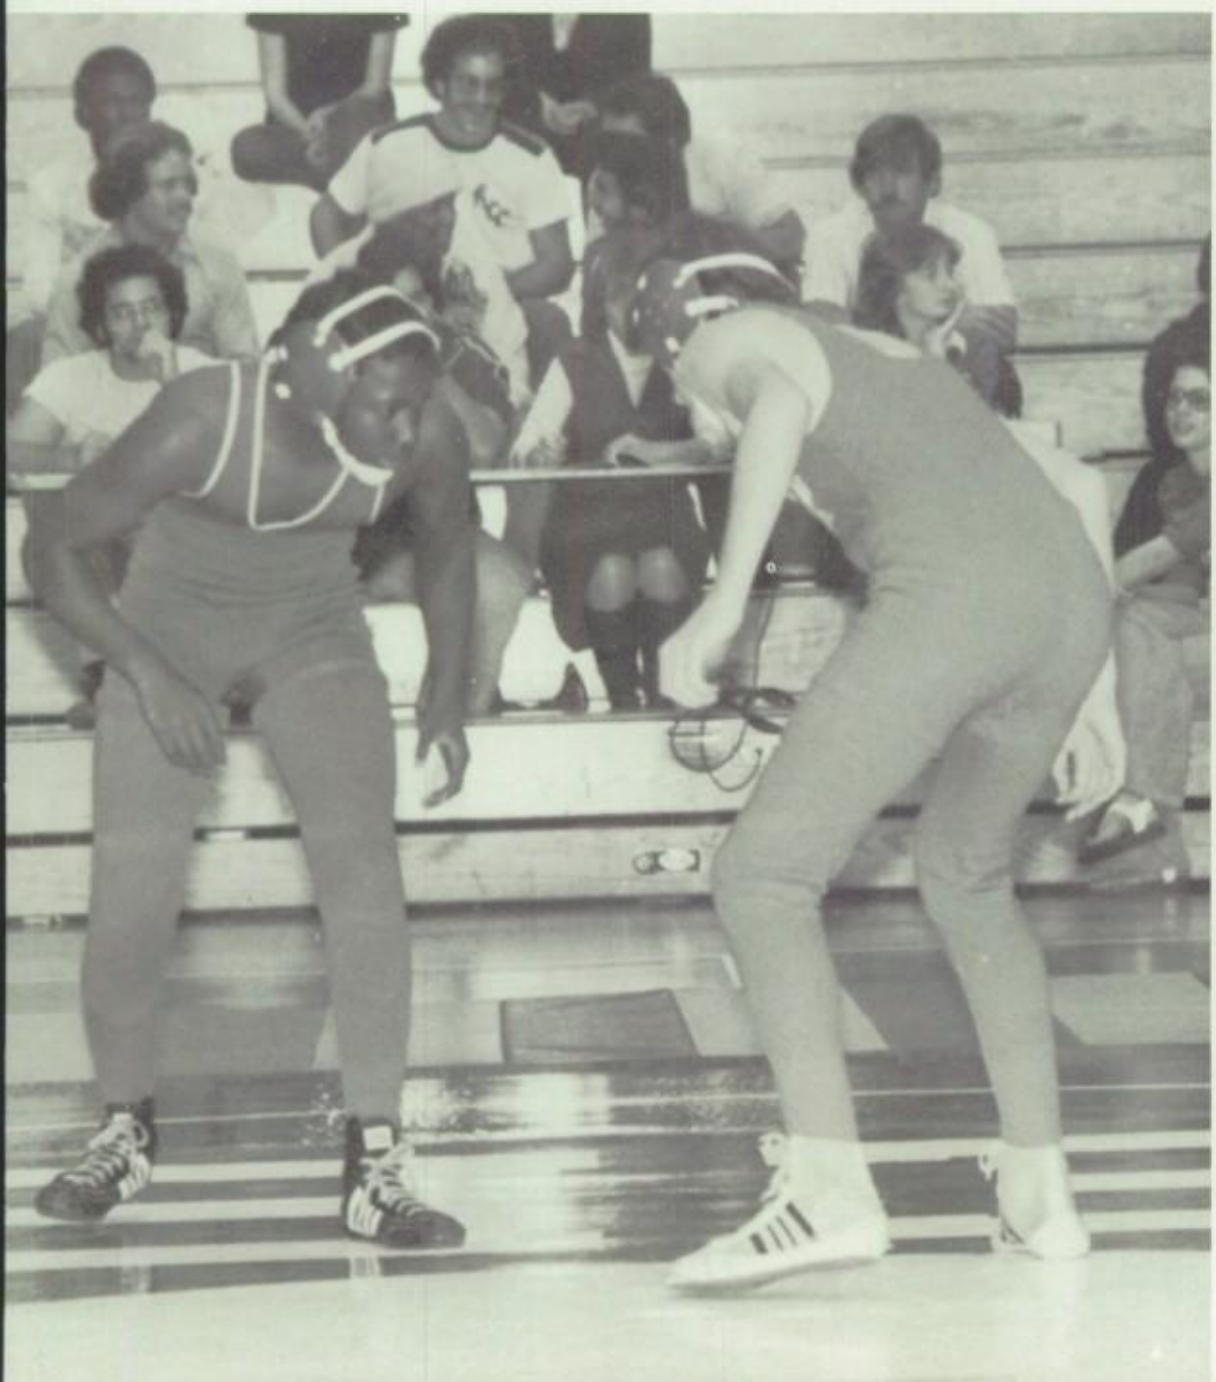
J.V. Wrestling proved to be a sport of building endurance, strength, and stamina. Coached by Richard Heider, the team felt both the sting of defeat and the triumph of winning. They closed their season optimistically looking forward to next year.



1) In a moment of sheer pleasure. Joe Fitch drives his opponent in the mat. 2) Awaiting the whistle, "Fish" Bell assumes the position. 3) During the "unlimited" match, Jimmy Fowler punishes his opponent.

When you run track you have to have more than speed. You have to have it inside, the feeling of devotion to your team. Every member of the JHS track team has this feeling and plans on being #1. Paul McClendon, senior, said "The team may not be state bound, but with excellent coaching of coaches Bellanca and Perez, the team shows a good individual effort."

1) With a show of strength, Stephen Tripp releases the 12-pound shot. 2) With a small edge, Paul McClendon tries to hold on to first place against Rudell Ball. 3) Taking running seriously, Bo Dilly runs his heart out against Albert Williamson. 4) In a timed-trial, runners dig into the pavement. 5) With pole vaulting a new event at JHS, Joe Valdez gives it a try.

# *Dragons Burn Up The Track*

At many events, scouting eyes inspected future prospects for different colleges.

With more experience this year, the girls had a better advantage over their opponents.

The outstanding returnees were Darlene Hale, Sandy "Cracker" Riley, Shelia Kay Sims and Gladys Portela.

1) Girls take daily warm up before their lap around the track. 2) Winding up to throw the shot-put, Benita Thomas concentrates. 3) After a good run, Gina Barton hopes for a good jump. 4) Jogging around the track, the girls loosen up their stiff muscles. 5) Giving the hurdles a test-run, Sandy Riley and Shelia Sims break to the finish line. 6) In a playful moment Machele Reaves takes a joyful jump. 7) Being timed by Coach Schmidt, the girls compete to better their times.

Running those paths in the hot afternoons was where the Cross Country runners could be found this fall. Although the team didn't have many returnees from last year, the girls' and boys' teams finished eighth in the county.

Next year both teams will have seven of nine letter winners returning. Ansel Robinson and Stephan Green excelled as top runners for the boys, while Holly Jewett led the way for the girls.

1) Patiently waiting for her turn to run is JoAnn Jeter. 2) "On your mark, get set, go!" The boys cross country team waits for the signal. 3) Off the sidewalk and through the woods goes Ansel Robinson. 4) Warming up for a hard time at practice is Lori McRae. 5) "Now then, men . . ." begins Coach Leahy, as he goes over the strategy for the next event.

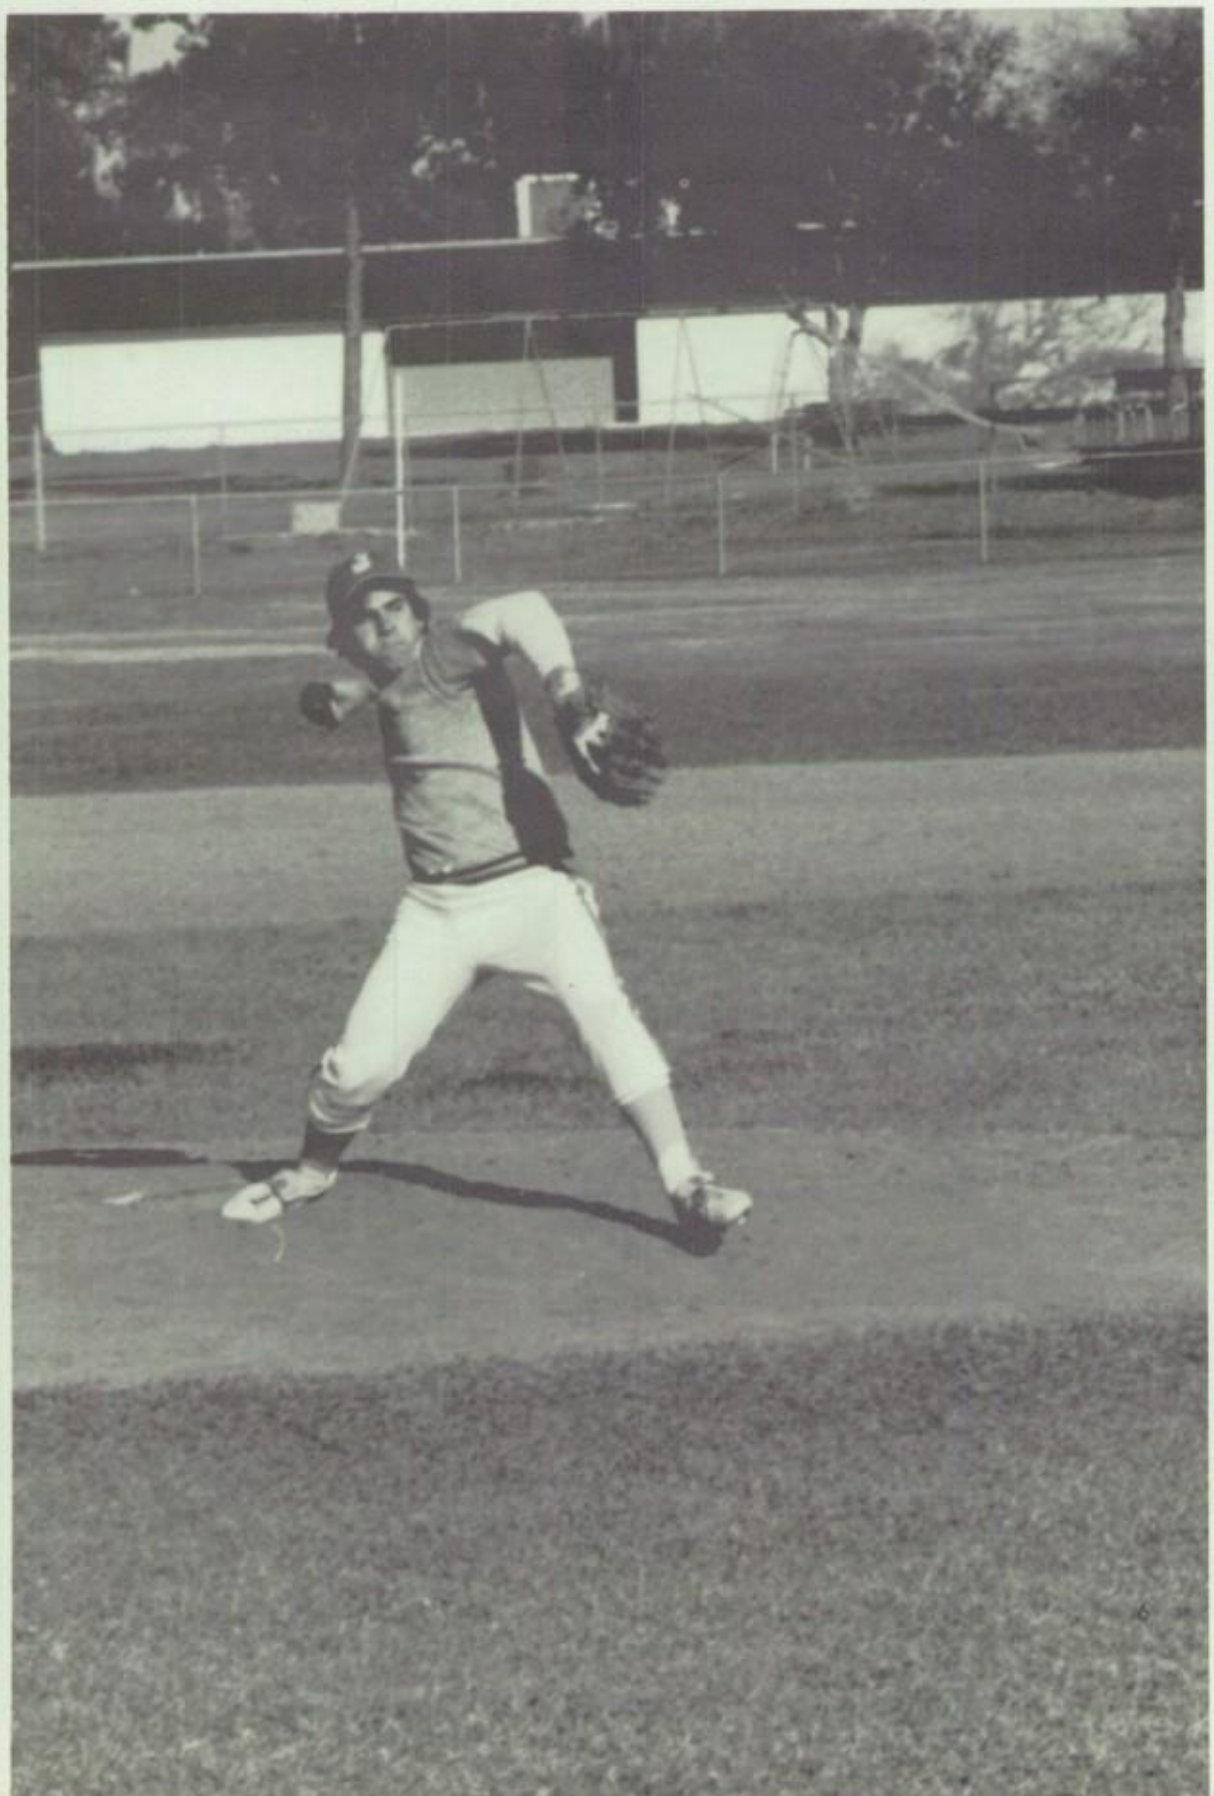
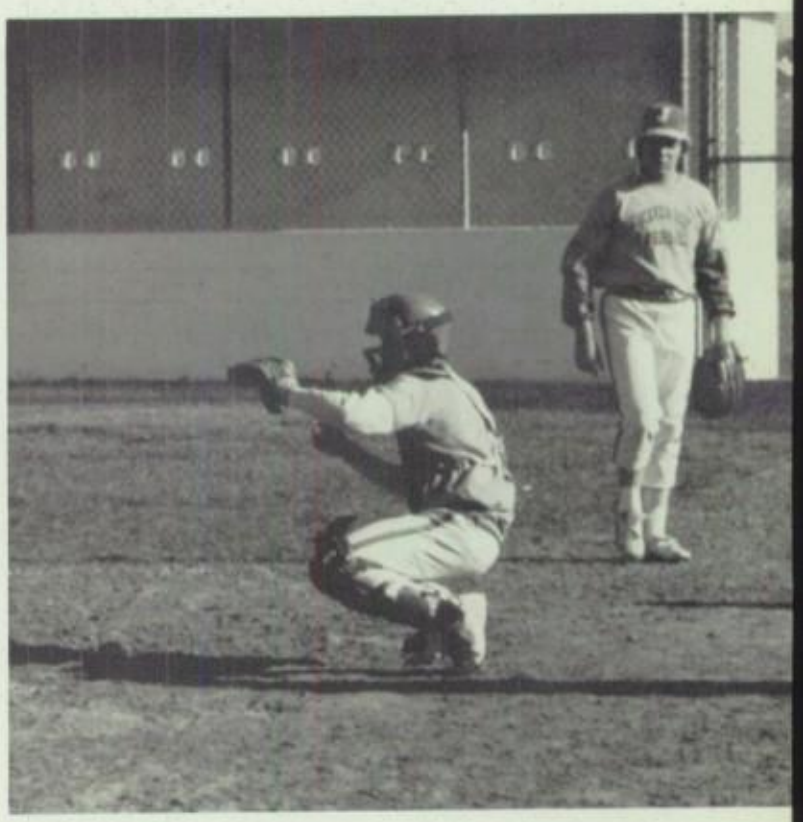
# *Who's On First What's On Second*

The new year began with a crack of the bat as the team was whipped into shape preceding the game against Plant.

Much of the success of the team could be attributed to the top returning members Alex Rodriguez, Lenny Faedo, Randy Martinez, and Mark Soloman.

Under the leadership of Coach "Pop" Cuesta, the team enjoyed another successful and sometimes fun year.





1) Pitching takes some practice and Frank Lopez does it right. 2) After a hard time at practice, Profirio Ramirez heads for the showers. 3) Frank Lopez has it easy as the ball heads straight for his glove. 4) Showing that it takes some hustling to make it before the ball does, George Ramos makes that extra effort to get to second. 5) Being in the hotbox can make anxious moments for any player. 6) Perfecting his technique, Frank Lopez strives for the perfect follow-through.

# *Bat Girls Back Team*

Probably as popular as the whole baseball team are the bat girls. These girls besides adding beauty to the game help with tickets, sell programs, work the concession stand, and are general "Go-Fors." They can be heard throughout the game singing their jingle, "Da, da, da, da, Bat Girls!"

1) "It's all in the wrist," says "Pop" Cuesta as he demonstrates the proper way to throw a curve to V. Ficarotta. 2) Calling to his team mates, M. Ortiz gets ready to make a catch. 3) Stopping a ground ball, shortstop F. Arrazcaeta shows the correct technique. 4) Putting power into the swing, Bill Masuck hopes for a homerun. 5) Getting tagged before making it to the base is what happened to George Ramos as F. Arrazcaeta caught him. 6) Without the help of the bat girls, the team couldn't get along.

# *Girls Swing A Mean Bat*

It was a whole new ball game for the girls, because in '78, softball was introduced in the female sports vocabulary. Many talented female athletes participated, so the new game came naturally.

The lady dragons showed high potential in many areas. The girls managed to keep a high batting average and contained their opponents scoring to a minimum.

Coach Diaz who is very well oriented in softball, should be able to get the girls started on the right foot toward many successful seasons.

# *Life In The Fast Lane*

Neither rain, sleet, snow, cramped muscles, runny noses nor chlorine overdose will stop the Jefferson swim team from their appointed laps. This all goes to prove, contrary to popular belief, that swimming is not a relaxing sport. Swimmers are among the most physically fit of all athletes as most of their muscles are in constant use. Swimming combines agility and stamina. From freestyle to butterfly, the Dragon swimmers put forth 110% effort in every endeavor.

1) After a strenuous 1000 yards warm-up, Barbara Crossley takes advantage of her 15 second rest. 2) Swimming butterfly is difficult, but Tom Lamoureux makes it look easy. 3) Looking longingly at the team practicing, Sharon Wright wishes she could be in the water, too. 4) At the thought of a winning season, Ms. McKay smiles to herself. 5) René Walker swims 100 yards of butterfly during practice at Interbay pool. 6) Displaying her winning form in backstroke is sophomore Lori Gormin. 7) Coach Susan Hierlmeier instructs the team at a practice session. 8) Captain Tom O'Donnell gasps for breath as he finishes 100 yards of breaststroke. 9) Breaststroke is an easy stroke for René Walker as she comes up for air during a 200 Individual Medley (IM). 10) After finishing a 200 IM, John Robinette finds out he has to swim another. 11) Finishing up practice with 500 yards of freestyle is David Gormin. 12) Many freestyle laps were swum during practice, Tom O'Donnell demonstrates a perfect form.

# *Dragons Create A Racket*

This year, Dragon racket club hopes to get themselves together for some real action-packed tennis matches.

Some top returners for the Dragons are Derrick Damico and Mike Williams for the males; for the girls, Betsy Bosco and Doria Yglesias.

Hoping to capitalize on last year's mistakes and building up high morale, the Dragons plan to go on to a winning season.

# *We Can Make It Happen*

Yeah! The theme of the NHS semester inductions says a lot about this organization. It brings together the qualities necessary to be considered for membership. These are character, service, leadership, and scholarship. Besides the basic requirements, students must have the approval of all the teachers on the faculty by teacher ballot.

NHS focused primarily on the induction of new members. They presented an inspirational program for the inductees and their families during January. Second only to induction was their district banquet in the spring of the year, which ended the honorary club's activities for this term.

# *Spanish Students Excel*

The Spanish Honor Society participated in a variety of activities this year. At Christmas they gave a party for the faculty. In March the Spanish-speaking club viewed a movie at the Spanish Little Theatre.

Among other projects the members took part in the Spanish Declamation. All in all, this club had a successful year.

# *Friday Night FEVER*

Tension mounted to feverous pitch in A-hall every Friday night as the Dratonettes and Dragoneras made final preparation for their weekly performance. Sponsoring the girls was Ms. McLellan, affectionately known as "Big Mac," who led them in many successful activities. Beginning with car washes and camp in Sarasota, the calendar was packed throughout the year as both squads performed at many events. The Dragoneras, led by head Gloria Arrue and co-head Debbie Chain, performed creative dance routines as the Dragonettes, with head Tracey Thomas and co-head Terri Knirimen, displayed their talents with large flags to the music of the band. Both squads also attended flag contest and marched in the Gasparilla Parade.

# *Practice Makes Perfect Proves Band Members*

Clearly the backbone of many Jefferson activities, the Marching Dragons accented many events by their high-stepping showmanship.

To prepare for these shows, the band attended camp during the summer to learn many of their routines. Accented by the Dragoneras and Dragonettes, they provided many entertaining performances at football games.

After football season though, their activities didn't cease. They performed in the Gasparilla Parade, Miami Band Day, and District and State Competitions.

# *What's That You Say?*

Starting their year's activities earlier than most of the other organizations, the Varsity Cheerleaders attended summer camp at U.S.F., where they won a spirit stick for 2nd place. Holding practices the nights they weren't cheering, the girls offered all the pep they had. They cheered at the Can-Am football game at Tampa Stadium. Then, making another outside appearance, marched in the Gasparilla Parade. The cheerleading season ended February 14th, and the girls had quite a list of accomplishments behind them.

# A Well-Balanced Act

Although Jefferson was something new to them, it didn't take the Junior Varsity Cheerleaders long to get started adjusted.

Getting off to an early start, they attended summer camp at U.S.F., where they learned most of their peppy routines.

The girls were kept busy with practices the nights they weren't appearing at, and their hard work paid off. They were a success at the J.V. basketball and football games, not to mention the Gasparilla Parade they marched in.

Working steadily, and performing their best, the girls contributed quite a bit to school spirit and success by the time cheerleading season closed.

Hey, it's been great knowing you. We've had a lot of good times in Schwabs class. What a riot. Keep it cool and stay out of trouble. You're really sweet and cute. Stay that way always. If you ever feel like partying call me up. Hope to have you in some classes next year. It would be a blast. Me, you, Dennis, Sarah, Lisa, Terri, and Cindy. All in one class Keep in touch.

The High Notes

It is no wonder that students in the Concert Chorus are auditioned since they are such an entertaining element in so many different activities.

Performing for the Christmas Concert, the Concert Chorus gave an excellent show. Following this, the group gave a few spring concerts.

Then, in an effort to show their versatility, the Concert Chorus participated in a Rock-a-Thon. The students rocked in rocking chairs for twelve consecutive hours at the Westshore Baptist Church.

The group then performed at the N.H.S. Installation during January.

Then, winding up another year, the talented performers appeared at a fashion show connected with the P.T.S.A.

# *Individual Styles Developed*

Although this particular organization is not emphasized as much as the other singing groups at Jefferson, the Mixed Chorus serves an important purpose by bridging the gap between the junior high choruses and the Concert Chorus.

The main project of the year for the Mixed Chorus was their participation in the Christmas concert.

This year the chorus stressed voice development and clearly succeeded.

Raging the campus this year was Jefferson's own singing sensation, Encore '78. The auditioned ensemble, taken from the Concert Chorus, made many entertaining appearances.

Arranging popular music to fit their own unique style, Encore performed at the Spaghetti Supper held prior to Dragon's Fire.

During the course of the year, Encore provided contemporary entertainment through several concerts. The group also performed off campus for numerous civic clubs.

# Last But Not Least

Being named after the last letter in the alphabet hasn't left "Z" Club behind. After a brief organization period, the "Z" Club set to work. Their main project was working with the Girl's Club, giving the girls a Christmas party and teaching them about arts and crafts. The "Z" Club, the newest club on campus, was certainly one of the busiest.

# *Problems Get Canned*

One of the busiest clubs storming through the Jefferson campus this year was the Student Advisory Committee (SAC).

This club started moving early in the year with a Thanksgiving canned food drive for the Salvation Army. This seemed to be their specialty, as they held another canned food drive for Christmas. These canned food drives benefited needy families.

Rapping with students who may have been suspended or were heading toward suspension was their main objective throughout the year. These conscientious students also visited other schools to compare problems.

## From the Dragon's Editorial Room

Although working diligently to produce the school newspaper, the members of "The Independent Pen" (TIP) still found time to do other things, too.

Their main objective seemed to be improving their literary talents and they attended several functions designed to do so. One of such ventures was a workshop at the Tampa Tribune Building. They also attended numerous conventions, one of which was a district convention at East Bay High School. The editors of the newspaper attended High School Editor's Day at Walt Disney World. These students acting as representatives also attended State Convention at Daytona Beach in April where they participated in publication contests.

Working to combine the poetry of Jefferson's students into one literary display, the collaborators of Jefferson's literary magazine, "Reflections of Feelings" started right away.

They attended a workshop at Eastbay, and another one at the University of Tampa. The result of all their work was a successful magazine.

# Coneheads Get Cracked

Dragons Fire had Optimettes amusing us with their Saturday Nite Live impersonation of the "Coneheads." Their acting ability was also exhibited at a pep assembly where some of the girls played Dragons who cracked the Leto Falcons' eggs. They also showed their ability at basketball when they beat Interact during the Donkey basketball game. Not all was fun and games for the Optimettes though. Caring for underprivileged children made the club feel good inside.

# *By Far The Most Haunting*

Boo! This sounds like some of the sounds coming from our Jaycee's during the last two weeks of October. As their money making project, they sponsored a very successful Haunted House.

These guys managed to have fun with everything they participated in, from Dragon's Fire to Donkey Basketball. Unfortunately, their Dragon's Fire skit didn't win, but it was lots of fun for them and lots of laughs for us.

## *"Commercial" Artists . . .*

## *Service Freaks*

La Sertoa, Jefferson's No. 1 service club of 1977, fought hard to keep their good name. Providing services seemed to come easy to La Sertoa and they added many to this year's activities by collecting aluminum cans with proceeds going towards building a stadium. La Sertoa's service wasn't restricted to Jefferson, however, they gave several birthday parties and a Christmas party for Faith Children's Home.

As their money-making project, they sold fruitcakes and held a carwash. The Civinettes also participated in Donkey Basketball playing the Junior Jaycees. With Sue Tapley making both baskets, the Civinettes beat the J.C.'s 2-0. President Debbie Munaker said that she was pleased with the outcome of the year.

# *Spicy Uniforms Spur Spirit*

Helping the cheerleaders to promote spirit at pep assemblies, basketball games, and football games is the primary function of the Pep Club.

Searching for a new outlook this year, the pep club bought blue jumpers instead of shirts, as their uniform. These uniforms made the Pep Club members more recognizable, although you could hear their spirited cheers a mile away!

Head Sheila Turner and Co-head Terry Williams led the girls in the cheers, and inspired by the club members. The entire audience was soon joining in. The Pep Club members succeeded in promoting spirit and played a part in many of the sport's victories.

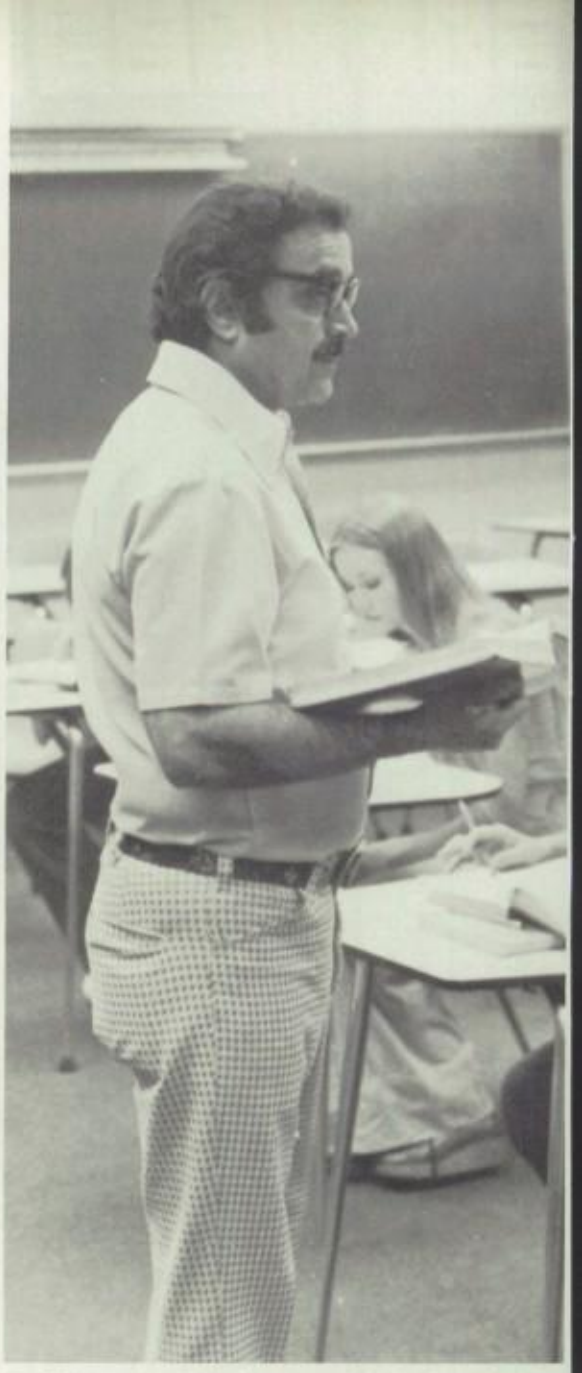
# *Sweet Smell Of Success*

Chantilly, Chanel, Arpege . . . could be heard from many French students during December when their perfume permeated the air. Many students could recite the list backwards and forwards, and it paid off when they learned that the sale had been very, very profitable. But selling French perfume was not all the French Interest Club did. In March they attended a French Culture Day at Tampa Theater and enjoyed meeting other French students from around the country. But what would a French Club be without sampling some French food? Many students discovered the excellence of the French cuisine when they visited LaCave Restaurant on Indian Rocks Beach for lunch and in January held a French Onion Soup Day at school featuring onion soup and garlic bread prepared by the Home Ec. Department.

President Ernie Giudice wonders what he got himself into.



Realizing that he's been speaking French, Mr. Page understands his students' confusion.

# *Spanish Interesting? Si!*

Knowing that they were not going to be just another group roaming the campus, Spanish Interest Club set out to prove just that.

During their annual trip to the Columbia Restaurant, they explored the effects of the Spanish culture on the Tampa area, as they experienced the food and history of the restaurant.

They enjoyed a picnic in the early part of the year discussing the different aspects of the Spanish society. Participating in several other activities helped to make them an exceptionally active group.

# *Kings Rule Castle*

The Chess Club this past year started out under the experienced direction of Ivan Fernandez. Several members of the Chess Club also played on the chess team. The chess team faced stiff competition from ten other schools in and out of our school district. Even with the loss of old members, the team still earned respect for their school.

# *Debators Speak Their Minds*

Teaching students to speak their minds is one reason but not the only one for the Forensics Club. Giving students a chance to earn a letter in something other than sports, the debate team competed in many tournaments, including a District Meet at Robinson and a State meet at U.S.F. The team did well in both meets.

# *Environmental Control Is Their Goal*

Hoping that nature would some day benefit from their interest, nature lovers at Jefferson joined to form the Ecology Club, sponsored by Mr. Mullins. When given a choice between filmstrips and field trips, this club would rather see wildlife in action, including Mr. Mullins. One such excursion was a trip to Hillsborough State Park, where they saw what effects man's carelessness has had on our environment.

# *Bowlers Strike Again*

You can hear a pin drop, in fact, you can hear a lot of pins drop if you drop in on Dale Mabry bowling lanes on Wednesday afternoons when the Jefferson bowling club is hard at work. Although many members are there just to bowl and have fun, many are in to learn, and all take bowling seriously.

The Rollin' Dragons, Jefferson's bowling team, is made up of the best bowlers in the club. They had a very successful year winning most of the tournaments they competed in.

# *Almost A Service Club*

FHA (Future Homemakers of America) could almost be called a service club. Their several services included providing entertainment for young children in the Jefferson community. They took the children to Lowry Park and gave them a Christmas party complete with gifts.

Then looking after their own interests, as well, they attended two meetings one in Orlando and one in Bartow.

# *Business Is Their Business*

The Future Business Leaders of America (FBLA) settled right down to business in the fall of this year. They started with a canned food drive followed by a Christmas party given to some patients at Tampa General Hospital.

Winding up the year FBLA participated in the District Conference and Contest, which included competition in typing, shorthand, and other clerical business areas.

This is what being a Cosmegette is all about. Most of the girls in Cosmegettes want to pursue a career in the field of cosmetology. On Thursday's and Friday's the girls worked on customers. For a small fee you could have your hair cut, set, colored, or you could even get a manicure.

# *Working Pays Off!*

Distributive Cooperative Training (DCT) is certainly one of the most versatile clubs in school. Providing members with work experience, it also allows them to earn extra money for weekends, at the same time.

Working is not their only activity. They also held occasional breakfasts for its members, giving them a chance to discuss future plans.

The members work at a variety of jobs, ranging from hospital workers to caring for plants at a plant store. D.C.T. also attended a Leadership Workshop at U.S.F.

# *Lettermen Credited*

Outstanding accomplishments in competitive areas are what it takes to earn a letter. These high achievers compose Varsity "J." Both boys and girls can belong to Varsity "J," if they participate in a sport or competitive club, such as Forensics, Band, and Dancerettes. Most people think Varsity "J" is for male athletes, but since Title IX, female athletes are accepted in this honor club.

# *Grease Paint Opening Night Jitters*

What is Drama Club? This new club consists of students who are interested in the stage and acting.

During meetings, its members discussed how to use stage make-up, how to deliver their lines, and how to overcome opening night jitters. Sponsored by Ms. Pascual, they helped to put on the play "Annie Get Your Gun" by selling cakes and cookies during the performance, helping back stage, and being in the show itself.

# "Modeling" Club Tours State

One of the most traveled clubs this year at Jefferson was DECA.

The club went to Orlando in the early part of the year for officers' training. They also traveled to Washington, D.C. for District Conference. Following this, they gave a fashion show at U.S.F.

DECA then settled down just enough to deal with the community. They sold keychains for a money-making project, and prior to this, threw a party for Roland Elementary School children.

The club also sponsored the Freedom Jam Concert that was held here in January. These and their many other projects helped make it an enjoyable year for both themselves and the school.

Angie Garcia, dressed as Santa Claus, delighted the residents of the Children's Home. Angie, and the rest of the C.B.E. Club at Jefferson gave a Christmas party for the children.

C.B.E. (Cooperative Business Education) gives students a chance to learn a business while they work.

The club participated in a District Contest at Hillsborough High School, where they applied their talents in business areas such as accounting, business communications, typing, and data processing. They also participated at State Contest in Orlando.

Finally, the business students finished up a successful year with an equally successful Employee-Employer banquet.

1) Getting a lift from Rodney, Becky acts a little surprised. 2) Getting it together, Denise works hard on organization pictures. 3) Discussing yearbook business over a drink, Ms. Robbins asks Mr. Bolin about next deadline. 4) Dreaming up another great idea, Craig lets pass time by. 5) "What, you lost my pages!" # Yearbook Goes Bananas

It's amazing that a yearbook can be produced when confusion and chaos reign throughout the year. Many times hate and disgust were felt at the thought of ruining fun-filled Saturdays to work at school. Those who could stick it out experienced the exhilaration of actually writing a book.

Looking back on the year, such memorable comments as these were heard: #$%@%# photographers! . . . Where's a picameter? . . . I don't have any good pictures . . . Do it over again? . . . Nancy's laugh is driving me crazy . . . When the shark bites . . . He's good for a couple of laughs . . . HELP!!! . . . Only 74 more days till Chris is home . . . What do we divide by for body copy?

# *Good Luck To A Good Friend*

When Thomas Jefferson Comprehensive High School began in 1971, a dedicated man with 28 years of academic experience became its first principal. He had been principal of Marshall High School in Plant City and was given the task of starting this high school. He performed his task well. Under the guidance of this wise and learned man, this young high school overcame its first faltering steps and in just a few short years was on its way to becoming one of the finest high schools.

By his leadership and example, he has shown us how to become better people, and thus, better citizens. He has set high goals and standards for us to follow. As we set forth to bigger and better things, his guideline has made us more equipped to deal with whatever the future may bring.

Now, after six years, he is leaving his role as principal of Thomas Jefferson High School to become Supervisor of Secondary Education. We know he will be as successful with this as he has been as our principal.

Although we are all proud and happy for him, it is with great reluctance that we see him leave our midst. We will all miss him, but there can be no goodbye or sad farewells to such a man for in the hearts of all he is loved, admired and respected. We will all remember his warmth and wisdom long after we too have left Thomas Jefferson High School.

Now and throughout the years to come, he will always remain:

# *A Year Gone By*

With the 1977-78 school year at its end, we look back and see the changes, as well as the things that remained the same.

Teachers taught as they always have and looked at the same glum faces when assignments were given and worked hard as they always will. There weren't many changes for the teachers this year; however, the unfamiliar faces and brand new year were change enough for them.

"The Test" put some Jrs. on top of the world, and simultaneously others in the gutter. Tears of joy as well as regret flooded M-hall December 2.

The halls of Jefferson were crowded, but less of a problem because of the new administration. The Deans and the principal began to show students just who the bosses were.

This year wasn't too different in many ways, but what little did change — changed for the better — only to keep J.H.S. #1!

# . . . Know Where You're Going?

All of our todays have made the memories of our yesterdays. They will always remain as yesterdays filled with fun and laughter. Through times of turmoil, we've been surrounded by our fellow classmates. On this today we leave school and classmates and start on our futures. Which road shall we take? Which way will we go? Now we must look forward to tomorrow as the graduating class of 1978. Our tomorrow is here.

# *Our Special Year*

This has been a special year for the members of the 1978 graduating class. We may not know where we're going or what the future will bring, but we'll remember always where we've been and the things we've done.

Our activities as a class really began with Homecoming Dance. The donkey basketball game proved to be fun for all, while Grad Nite and Disney World will always stay in our memories.

We began a tradition for future seniors, when we instituted a blood bank to benefit needy people. We started another tradition when we ordered Senior T-shirts.

Some of our activities were for Seniors only. We ordered announcements, and got measured for caps and gowns. We had our Senior Banquet at Admiral Benbow Inn. We can thank the Junior class for providing our Senior Breakfast at school. The prom at Host International Inn and graduation night meant the end of our years at Jefferson.

We enjoyed our years here and now — we pass it on to you!

Life holds many promises, but none
are guaranteed,
So cast out nothing from your
life, it may become a need.
For though tomorrow holds the
future, as the forest holds its
trees,
The past holds something far more
great — its priceless memories.
The past provides for the present
and builds the future, too,
Therefore, don't scorn something
old, for the sake of something new,
As time passes by what seems to
have only begun,
We look back fondly, on our second
year at Jefferson
Together we praised the name of
the big gold and blue
And though we'd been here before,
it was still something new.
We've grown to love our school
even more with our second year,
And all of us will hold the memory
of Jefferson very dear.
The door to the future is ours;
Jefferson is our key,
It guides our lives, it
helps us to grow, and yet it leaves
us free.
Free to be ourselves, yet proudly
united as one,
We grew sharing our great pride in
our school, Jefferson.
And though the future became the
past, and now our paths must part,
Next year we shall unite again and
share another start.

Cindy,
TO a very cute & sweet girl I've
known most of my life and Hope to
know the REST of my long life
Hope to see you at beach week
so we can party down
Love ya your sweethea

# The Golden Gate

Throughout our lives, there are
many goals,
That capture our heads, our
hearts, our souls,
To reach these goals we enter many
a gate,
Worthwhile in itself and a path to
our fate.
And through every gate is
something we learn,
With a task to fulfill or a credit
to earn.
We entered the golden gate of
Jefferson,
Not visible, but a true
mighty one,
Not knowing, not feeling, not
caring until
Captured by its magnificence we
wanted to fulfill,
Those dreams and goals in each
heart and will.
So working together as for a
priceless jewel,
We grew in knowledge and love
for our school,
And though we're the youngest,
we've been here just a year,
We're a part of our school and
our part will stand clear:
How proud we'll feel when we
conquer this gate,
And stand true and tall to
graduate,
But until that time, pride unites
us as one,
To pass through this glorious
gate, Jefferson.

Of Friendly People.

There is

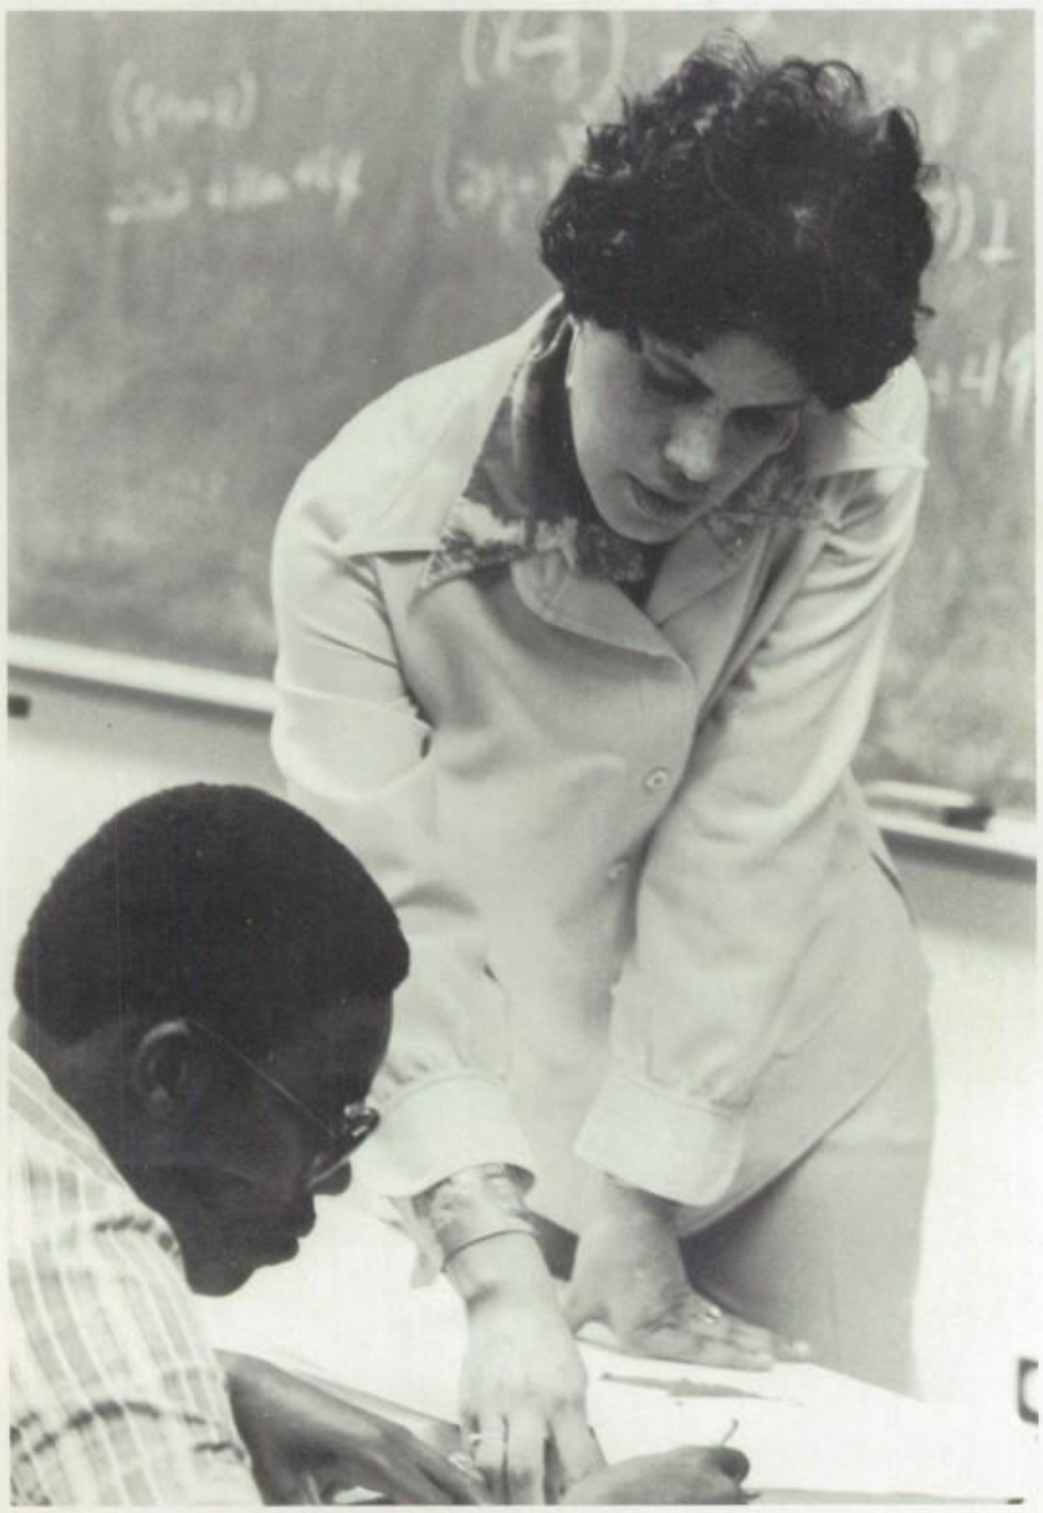
never a

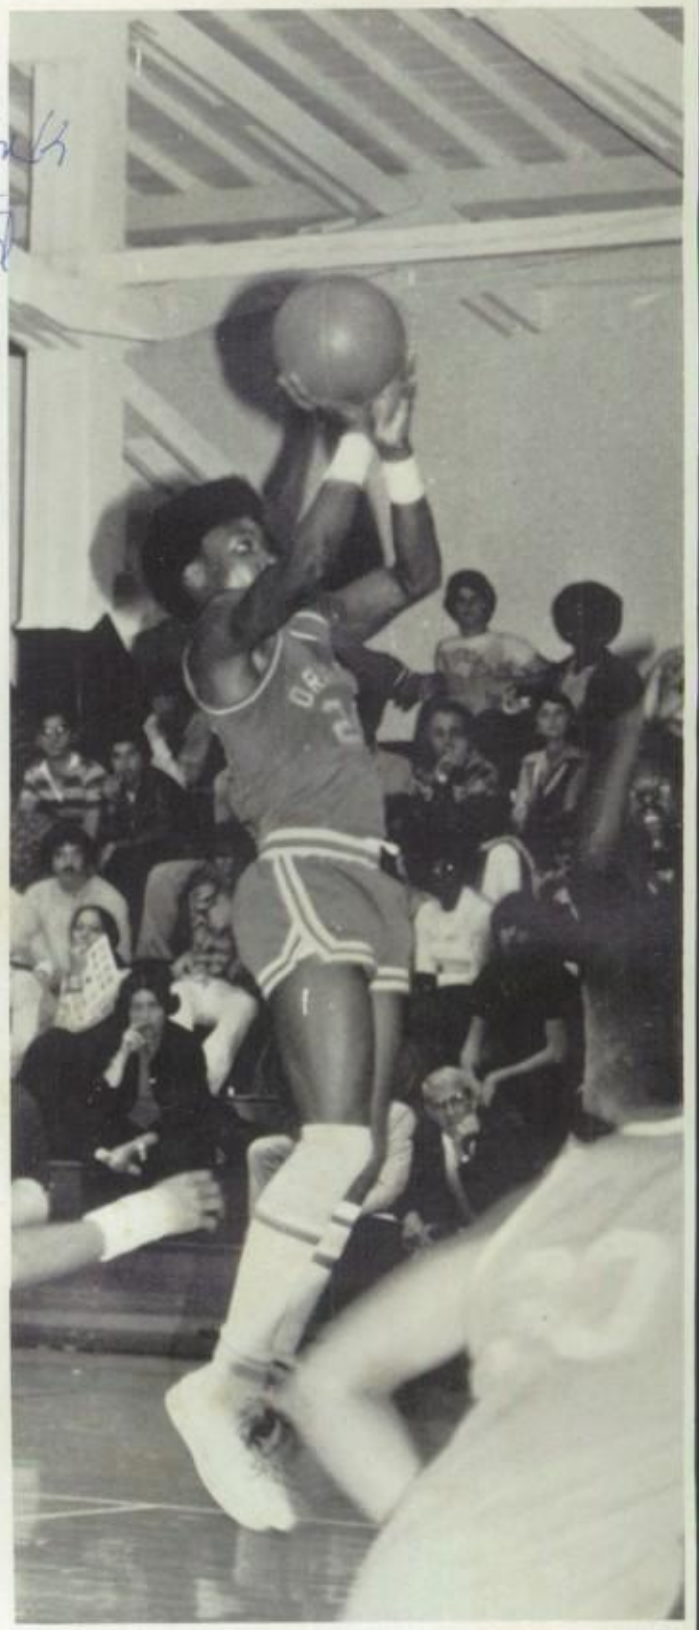
dull moment

at Jefferson.

Cindy,
I'm glad you came to Jefferson this year. Do you still want to go back to Plant. Thanks for helping me out this year in Fashion Coor. I don't think I could have stayed in there if it weren't for you & Mary. Come and see me this summer.

Love ya
Debbie





*Now Let Us Move On*

*As We Continue To Grow And Change*

*In An Effort To Find Our Individuality*

Yearbook production takes a number of people who put a lot of time, effort, and a little of themselves into each page. We would like to thank you for your support: Jim Bolin who entered the yearbook room at his "own risk" before each deadline; Rick and Larry, from Bryn-Alan, who helped make those last minute decisions and came up with new ideas when ours had gone dry; A special thanks to Mr. K., for helping put together the slide presentation and for letting the yearbook photographers use the darkrooms; The whole administration staff for tolerating us period! And of course Ms. Robbins (Mom) and the rest of the Monticello staff for sharing this great experience.

Becky and Tracy

Cindy, though I never thought in the beginning of the year that I would get to know you as well as I did. You are really nice (it's all true), pretty, etc... (It's a pity we couldn't be a foursome, but for the best of it — which next year we will make the most likely become ... unless we fight? We'll see. So, we will remain better friends next year.

Take care. Love, O-C

c/o '79

Andy!
Howdy! Call me
you for bitch. Let's get
anyway we get together again and
Be good. Love you,
Debbie

Cindy,
Well, where can I start? You're very sweet and pretty. I enjoyed knowing you this year. I hope we get another class next year because we had fun in Mrs Anderson's class together all the gossip about boys. Well, I wish you all the luck in world. Best of luck always.

Lots of Love Always,
Leslie
